NTI 31: Does the average middle school student cook? Research a favorite food recipe in a book or online. Write a student-friendly recipe for a cookbook that LCMS will sell. Include the ingredients list and step by step instructions.

[Note: #31 did mistakenly appear with days 21-30, so if you've already turned it in, you'll be one day ahead.]

NTI 32: Designing your Dream Team: Every basketball team needs an awesome name and dynamic mascot. It's time you choose yours! Important: Your mascot must be an animal. Research animals, including speed, strength, endurance, defense mechanisms.

NOTE: You can NOT use the same name or mascot that is currently used for a college or pro team. Your submission should be a google drawing or hand drawing.

NTI 33: Using your mascot that you created in NTI 32, write a short explanation of WHY your animal would be the perfect mascot for a team.

NTI 34: Draw OR create a descriptive paragraph explaining what your team jersey looks like. Be sure to include your 1-team's name, 2-mascot, 3-player's name, and 4-player's number. INCLUDE THESE FOUR on your jersey.

NTI 35: Students will create a Public Service Announcement (PSA) flyer that helps to detail one of the dangers of distracted driving. You may need to research what a PSA is and maybe research dangers of distracted driving. (You can use google docs, drawings, or draw by hand and take a pic to upload)

NTI 36: Think "outside the box" to identify unusual things you are thankful for, and then use digital content (audio, images, movies) to represent those things on a PowerPoint slide. Upload your PP slide to GoogleClassroom. If you don't have access to a computer, draw pics of what each slide would look like. Need three or more slides.

NTI 37: Michelangelo and the Sistine Chapel. Michelangelo painted the ceiling of the Sistine Chapel while on his back. This made the painting difficult, but he created a beautiful and famous piece of art. Write a short paragraph about what is currently above you right now OR submit a drawing of what you see "above".

NTI 38: Here are examples of personal and professional emails.

iloveanimals@, blueeyes@, iluvmountaindew@- **personal**

john.doe@, doe_john@, john76262@, janekdoe@- **professional**

Create a personal and professional email for the following famous folks:

1. George Washington
2. Abraham Lincoln
3. Harriet Tubman

*** (You may want to read Day 39 today, so you can keep track of today's times)

NTI 39: Keep a time management log of your day.

Example:

Time:	Activity	Comments:
10:00	Got out of bed	"I like sleeping in."
10:15	ate breakfast	"getting tired of pop tarts"
10:20	bugged my brother	"kind of fun"
11:00	played minecraft	"didn't do too good"

NTI 40: The Coronavirus Pandemic has really disrupted our lives this year. Write a paragraph or more about how your life has changed since this all began. What have you learned? What do you do differently? How has it affected your friends and family?
