PRINCIPAL'S MESSAGE

“Welcome to Lewis County Career and Technical Center, where we're not just teaching skills, but building futures! As your CTE principal, I'm incredibly proud of our commitment to providing students with the knowledge and experience they need to thrive in today's dynamic world. Our CTE programs are designed to offer hands-on learning, real-world application, and pathways to both college and career success. We encourage students to explore their passions, develop marketable skills, and become confident, capable individuals. Our dedicated teachers, industry partnerships, and state-of-the-art facilities are all working to ensure that every student has the opportunity to succeed. I look forward to a year of growth, learning, and accomplishment as we work together to shape the next generation of leaders and innovators.”

Jeremy L. Ruckel
Principal, Lewis County CTC

LEWIS COUNTY CAREER & TECH CENTER VISION

Vision

The VISION of the Lewis County Career & Technical Center (LCCTC) is to prepare and provide all Lewis County students with a real-world educational experience, using a variety of instructional methods and programs to see that all of our students become successful in their chosen career. Every student that enters our doors should leave feeling as if they are prepared to continue their post-secondary education or begin their career.

LCCTC will always strive to serve our students and community in a positive way through educational enhancements and a variety of programs. Our goal will be to continue to increase the percent of students who exit our building college and/or career ready. This will be done by providing students with excellent teachers who will prepare them using a variety of instructional methods and rigorous activities.

LEWIS COUNTY CAREER & TECH CENTER MISSION & MOTTO

Mission
