<u>2023-2024 Phase One: Continuous Improvement Diagnostic for Schools</u>	<u>3</u>
---	----------

2023-2024 Phase One: Continuous Improvement Diagnostic for Schools

The **Comprehensive School Improvement Plan or CSIP** is defined as a *plan developed by the school council, or successor, and charter schools with the input of parents, faculty, and staff, based on a review of relevant data that includes targets, strategies, activities, and a time schedule to support student achievement and student growth, and to eliminate gaps among groups of students.*

The comprehensive school and district improvement plan process is outlined in 703 KAR 5:225. The requirements included in the administrative regulation are key components of the continuous improvement process in Kentucky and ultimately fulfillment of school, district, and state goals under the Kentucky State Plan as required by the Every Student Succeeds Act (ESSA).

While the regulation outlines a timeline for compliance purposes, the plan itself is a strategic and proven approach to improve processes and to ensure students achieve. The timeline for the school's 2023-24 diagnostics is as follows:

Phase One: August 1 - October 1

- Continuous Improvement Diagnostic for Schools
- School Safety Report
- Executive Summary for Schools

Phase Two: October 1 - November 1

- The Needs Assessment for Schools
- School Assurances

Phase Three: November 1 - January 1

- Comprehensive School Improvement Plan

Phase Four: January 1 - December 31

- Professional Development Plan for Schools (Due May 1)
- Progress Monitoring

As principal of the school, I hereby commit to implementing continuous improvement processes with fidelity to support student achievement and student growth and to eliminate achievement gaps among groups of students. I also assure that the comprehensive school improvement plan is developed by the school council, (where applicable) with the input of parents, faculty, and staff.

Please enter your name and date below to certify.

<u>2023-2024 Phase One: School Safety Report</u>	3
--	---

2023-2024 Phase One: School Safety Report

School Safety Report

Pursuant to KRS 158.162, the local board of education shall require the school council or, if none exists, the principal in each school to adopt an emergency plan that must be utilized in case of fire, severe weather, earthquake, or a building lockdown and that: establishes evacuation routes; identifies the best available severe weather zones; develops earthquake protocols for students; and, develops and adheres to practices controlling access to the school building. The emergency plan shall be annually reviewed by the council, principal, and first responders and revised as needed.

In addition to the emergency plan requirements in KRS 158.162, KRS 158.164 requires the local board of education to direct the school council or, if none exists, the principal in each school to establish procedures to perform a building lockdown and to invite local law enforcement to assist in establishing lockdown procedures.

KRS 158.162 also requires the emergency plan be discussed with all school staff prior to the first instructional day of the school year and provided, along with a diagram of the facility, to appropriate first responders. Further, the principal in each school shall conduct, at a minimum, the following emergency response drills within the first 30 instructional days of the school year and again during the month of January: one severe weather drill, one earthquake drill, and one lockdown drill. In addition, required fire drills shall be conducted according to administrative regulations promulgated by the Department of Housing, Buildings and Construction.

Questions Related to the Adoption and Implementation of the Emergency Plan

1. Has the school council or, where applicable, principal adopted an emergency plan in accordance with local board policy and in compliance with the specifications in KRS 158.162(3) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box. Please note that Senate Bill 1 (2019) and Senate Bill 8 (2020) amended KRS 158.162(3)(d) to require, for example, classroom doors remain closed and locked during instructional time (with limited exceptions) as well as classroom doors with windows be equipped with material to quickly cover the window during a building lockdown. Schools are encouraged to comply with these changes as soon as practicable but, if needed, have until July 1, 2022 to fully implement. Accordingly, failure to comply with KRS 158.162(3)(d), as amended, shall be reported for the 2022-2023 school year and each year thereafter.

Yes

2. Has the school provided local first responders with a copy of the school's emergency plan along with a diagram of the school as required by KRS 158.162(2)(b)?

If the answer is "no", please explain in the comment box.

Yes

3. Has the school posted primary and secondary evacuation routes in each room by any doorway used for evacuation as required by KRS 158.162(3)(a)?

If the answer is "no", please explain in the comment box.

Yes

4. Has the school posted the location of severe weather safe zones in each room as required by KRS 158.162(3)(b)?

If the answer is "no", please explain in the comment box.

Yes

5. Have practices for students to follow during an earthquake been developed as required by KRS 158.162(3)(c) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

6. Are practices in place to control access to the school building, including but not limited to controlling outside access to exterior doors during the school day; controlling the main entrance of the school with electronically locking doors, a camera, and an intercom system; controlling access to individual classrooms; requiring classroom doors to remain closed and locked during instructional time (with limited exceptions outlined in statute); requiring classroom doors with windows to be equipped with material to quickly cover the windows during a lockdown; requiring all visitors to report to the front office of the building, provide valid identification, and state the purpose of the visit; and providing a visitor's badge to be visibly displayed on a visitor's outer garment as required by KRS 158.162(3)(d)?

If the answer is "no", please explain in the comment box.

Yes

7. Was the school's emergency plan reviewed following the end of the prior school year by the school council, principal, and first responders and revised as needed as required

by KRS 158.162(2)(c) and is a copy maintained in the school office?

Please provide the most recent date of review/revision of the school's emergency plan in the comment box. If the answer is "no", please explain in the comment box.

Yes

8. Did the principal discuss the emergency plan with **all** school staff prior to the first instructional day of the current school year and appropriately document the time and date of such discussion as required by KRS 158.162(2)(d)?

Please provide the date the school completed this discussion in the comment box. If the answer is "no", please explain in the comment box.

Yes

9. During the first 30 instructional days of the current school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and are the drills maintained in the appropriate drill log for the given school year?

If the answer is "no", please explain in the comment box.

Yes

10. During the month of January during the prior school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

11. Over the immediately preceding twelve months, did the principal conduct fire drills in accordance with administrative regulations promulgated by the Department of Housing, Buildings and Construction as required by KRS 158.162(5)?

If the school did NOT meet the requirement, respond "no" and please explain further in the comment box.

Yes

2023-2024 Phase One: Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Tollesboro Elementary School is located in a rural area within the Tollesboro community, which has a population of 800. We are located in northeastern KY along the AA highway and the Ohio River. Our school serves the western end of Lewis County with an approximate enrollment of 275 - 300 students in Preschool-6th grade. We have around 50 employees if you include all staff (teachers, janitors, assistant, administration, cooks, etc.) We have a large F/R lunch population that ranges around 70-80% on an given year. Tollesboro is very small town with very supportive community members. We house Head Start which moved in our building about five years ago. Our parent-teacher organization provides support and many enrichment opportunities. We have a strong relationship with the community and offer different programs brought in from community partnerships. We love focusing on celebrating our students accomplishments. We use Paws-itive referrals to highlight student positive characteristics, offer extracurricular activities to participate in during the school year, and sponsor many programs throughout the year. Our teachers and staff offer communication with parents by using our Facebook page, web page, marquee sign, student handbooks, a copy of the school discipline code, a school newsletter, postcard, and progress reports from the teachers. The school is finishing renovations which include a new HVAC system with a new geothermal heat/air conditioning system. Additional renovations include new ceilings and LED lighting. We plan on constructing an outdoor classroom and installing additions to the playground this year.

School Stakeholders

Identify and describe the school's stakeholder groups. How does the school ensure stakeholder involvement and engagement in the improvement planning process?

The different stakeholder groups are students, teachers, parents, staff, and the community. Each play an important role in maintaining a strong relationships to offer diverse perspectives and ideas to support student success. In addition, the stakeholders collaboration and commitment to the students directly positively impacts the success of the students.

Our students are primary stakeholders and play a key role in the learning process. All and any changes to the school directly affect the students. Students support the school by contributing in a positive manner and we love having student input. The

school has a student voice committee to help voice the student body concerns and to help make improvements to the school. This includes academically, socially, and emotionally. They are directly impacted by all other stakeholders.

Teachers and staff ensure students are engaged in learning by preparing lessons to enhance learning opportunities. Teachers collaborate within the school, as well as, with other stakeholder to ensure students have ample resources to complete lesson. Teachers and staff attend professional development training to address learning loss, stay up to date on the latest strategies and resources, and to continually reflect on best practices to address individual student needs.

Administration and teachers work closely to build relationships with students and families. Effectively delivering instruction and building a positive school culture supports growth and learning. Strategic planning to make the best decisions for all students to prepare for life long learners is an important aspect of the teachers, staff, and administration relationship.

The community and families support student learning in various ways. These stakeholders support student learning by prioritizing their involvement in the learning journey. The school offers transparency and a strong relationship to support learning. Our community businesses and partnerships with state agencies contribute to learning by offering programs, field trips, and many other resources.

The unique relationship and investment in the students offers perspectives and genuine interest in students learning. Our school PTO are involved in supporting our students in different ways. This year they purchased new swings and plan on helping with our outdoor classroom. They work very hard to make our students feel special and give them rewards for their hard work.

School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs, including the year in which they were last reviewed or revised. Describe how the school embodies its purpose through its program offerings and expectations for students and how stakeholders are involved in its development.

The mission of Tollesboro Elementary School is to ensure a safe learning environment with a challenging curriculum by caring, well-trained staff in order for every child to experience lifelong success. In addition, we strive for zero percent novice. We take great pride in the master schedule and to schedule classes and activities which are pleasing not only to match the "letter of the law" but to support students and staff in general. We are striving to be blue school by making changes to support student engagement and success. Tollesboro Elementary School is committed to nurturing and challenging all students to meet their fullest potential as learners today and leaders tomorrow. Our staff ensures a quality education for all students by adjusting to learning styles and instructional needs of the students. TES strive to identify barriers early and address the student's needs.

Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

According to the indicator performance rating system, Tollesboro Elementary School is rated yellow until the new scores are released in October. In October, TES would like to have a green rating showing growth from the previous year. We feel students made improvements in all content areas increasing proficiency. Students continue to strive to make gains in math and reading. Students will be working on IXL, Prodigy math, and i-Ready math lessons. These lessons will meet student's individual needs which will support their skill level. The reading intervention teacher will be addressing student needs by utilizing literacy tasks from i-Ready and other resources. Small group and one on one intervention will take place during encore class to eliminate disruption from core content instruction. Teachers will track data and continue to progress monitor to determine next steps for students. In reading, students will continue to complete i-Ready lesson and Lexia lessons. Our reading intervention will focus on tier III students and align the progress with SB9. Based on the Quality of School Climate and Safety survey, students feel safe and loved by their teachers, Students feel they can go to staff if they need help and parents feel the school is a safe learning environment. The school completed a safe schools assessment and scored excellent. The school has added new programs to the school such as a news cast, community kindness initiatives, Christmas programs, drama club, and currently working on an outdoor classroom to enhance learning.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

2023-24 Phase Two: The Needs Assessment for Schools	3
Attachment Summary	8

2023-24 Phase Two: The Needs Assessment for Schools

Understanding Continuous Improvement: The Needs Assessment for Schools

The Needs Assessment Diagnostic will facilitate the use of multiple sources of data to determine the current reality and establish a foundation for decision-making around school goals and strategies. Once completed, the diagnostic will lead to priorities to be addressed in the comprehensive school improvement plan to build staff capacity and increase student achievement. The needs assessment is to be conducted annually as an essential part of the continuous improvement process and precedes the development of strategic goals (i.e. desired state).

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

The needs assessment provides the framework for all schools to clearly and honestly identify their most critical areas for improvement that will be addressed later in the planning process through the development of goals, objectives, strategies and activities. 703 KAR 2:225 requires, as part of continuous improvement planning for schools, each school to complete the needs assessment between October 1 and November 1 of each year and include: (1) a description of the data reviewed and the process used to develop the needs assessment; (2) a review of the previous plan and its implementation to inform development of the new plan; and, (3) perception data gathered from the administration of a valid and reliable measure of teaching and learning conditions.

Protocol

1. Clearly detail the process used for reviewing, analyzing and applying data results to determine the priorities from this year's needs assessment. Include names of school councils, leadership teams and stakeholder groups involved, a timeline of the process, the specific data reviewed, and how the meetings are documented.

SBDM - Christy Manning - Principal, Loretta Williams - Teacher, Heather Insko - Teacher, Charity Stout - Teacher, Tammy Madison - Parent Tonya Merritt - Parent.

The SBDM meets once a month to discuss student achievement, review and set policies, and discuss goal to meet the needs of students. Each meeting has a set agenda and minutes. Grade Level Meetings take place frequently to determine a focus area, review data and discuss next steps. GLM's have an agenda, sign-in sheet, and notes documenting the meeting. In addition, the district analyzes data in district meetings, discuss student achievement, and how to enhance learning opportunities in the district. During all meetings we analyze and discuss the current state of our school and address the needs to make improvements. Some data we address include KSA, i-Ready, Brigance, and reading intervention data (Tier I, Tier II, and Tier III). In addition, teachers use classroom assessment data and standards mastery checks to determine next steps.

Review of Previous Plan

2. Summarize the implementation of the goals, objectives, strategies and activities from the previous year's Comprehensive School Improvement Plan (CSIP). What was successful? How does it inform this year's plan?

The previous year's Comprehensive School Improvement Plan had goals and objectives focused on increasing reading and math scores. In addition, reducing novice and increasing overall growth by the indicator score. To reach these goals the reading intervention teacher implemented instructional strategies that addressed individual student needs, utilized a scheduled which did not pull from core instruction, and continually used various data resources to make adjustments. Teachers also used various data to adjust instruction to reach all students in the classroom. RTI, scheduling, and data analysis assisted making the plan a success. We will continue to use the vigilant schedules, meet and review data to make decisions for next steps. These goals and objectives proved to increase scores in reading and math. In addition, teachers will be attending PD focus on their content area to increase instructional strategies and content knowledge.

Trends

3. Analyzing data trends from the previous two academic years, which academic, cultural and behavioral measures remain significant areas for improvement?

Example of Trends

- The number of behavior referrals increased from 204 in 2021-22 to 288 in 2022-23.
- From 2021 to 2023, the school saw an 11% increase in novice scores in reading among students in the achievement gap.

Over the last two years, the school has seen an increase in proficient and distinguished scores. Reading increased 12% and math increased 3%. Science showed the greatest increase over two years. In 2021, science scored 9% and increased to 34% which is a 25% increase. In 2023, the score increased to 44% another 10% increase.

Overall novice scores are decreasing, 15% in reading and 12% in math. In social studies, novice decreased from 57% to 31%, a 26% decrease. Science outperformed all areas with zero percent (0%) novice. In addition, writing for two years has shown low novice.

Teacher turnover has decreased and the consistency with rigorous instruction has supported the improvement of scores. All teachers have attended training for the same literacy instruction. We implement the same strategies across grade levels and this supports students retention of mastery. Even though inexperienced teachers increased and master degrees increased.

Current State

4. Plainly state the current condition of the school using precise numbers and percentages as revealed by multiple sources of outcome data. Cite the source of data used.

Example of Current Academic State:

- Thirty-four percent (34%) of students in the achievement gap scored proficient on Kentucky Summative Assessment (KSA) in reading.
- Fifty-four percent (54%) of our students scored proficient in math compared to the state average of 57%.

Example of Non-Academic Current State:

- Teacher attendance rate was 84% for the 2022-23 academic year.
- Survey results and perception data indicated 62% of the school's teachers received adequate professional development.

Current academic state for reading is fifty-six (56%) scoring proficient/distinguished, thirty-six percent (36%) in math, fifty-one percent (51%) in science and zero novice (0%), fifty-one percent (51%) in social studies, and eighty (80%) in writing. Novice in all areas decreased significantly. Fifth grade increased significantly increased from twenty-five percent (25%) to sixty percent (60%) in reading, a thirty-five percent (35%) increase. Fifth grade math also increased from nineteen percent (19%) to thirty seven percent (37%), an eighteen percent (18%) increase. The current state of the school is higher than most years, possibly the highest in history.

Priorities/Concerns

5. Clearly and concisely identify the greatest areas of weakness using precise numbers and percentages.

NOTE: These priorities will be thoroughly addressed in the Comprehensive School Improvement Plan (CSIP) diagnostic and template.

Example: Sixty-eight percent (68%) of students in the achievement gap scored below proficiency on the Kentucky Summative Assessment (KSA) in reading as opposed to just 12% of non-gap learners.

The area of concern is math across all grade levels. The school improved math achievement by 3% (33% to 36%). Math continues to be low performing area and additional resources need to be in place. Sixth grade scored twenty five (25%) decreasing eleven percent (11%). In 2021, P/d scored forty-one percent (41%) then in 2022 decreased to thirty six (36%). Plans to increase mastery of standards start in primary and will continue through all grades. We will continue to send teachers

to professional development to improve low performing students by learning new strategies. Focusing on reducing novice students will continue to be a priority.

Strengths/Leverages

6. Plainly state, using precise numbers and percentages revealed by current data, the strengths and leverages of the school. Explain how they may be utilized to improve areas of concern listed above.

Example: Reading achievement has increased from 37% proficient to its current rate of 58%. The systems of support we implemented for reading can be adapted to address our low performance in math.

Reading achievement has increase from forty six percent (46%) proficient/ distinguished to the current rate of fifty six percent (56%). Students will continue to receive rigorous instruction to master standards. Continuation of tier II instruction and tier III instruction with rigorous instructional strategies and best practices will be implemented. Our scheduled we strategically planned to allow students to stay in class during core instruction will be implemented. In addition, teachers will continue to attend professional development to enhance learning opportunities.

Evaluate the Teaching and Learning Environment

7. Consider the processes, practices and conditions evident in the teaching and learning environment as identified in the six Key Core Work Processes outlined below:

KCWP 1: Design and Deploy Standards

KCWP 2: Design and Deliver Instruction

KCWP 3: Design and Deliver Assessment Literacy

KCWP 4: Review, Analyze and Apply Data Results

KCWP 5: Design, Align and Deliver Support

KCWP 6: Establish Learning Environment and Culture

Utilizing implementation data, perception data, and current policies and practices:

a. Complete the Key Elements Template.

- **b. Upload your completed template in the attachment area directly below.**

ATTACHMENTS

Attachment Name

TES School Key Elements 23-24

8. After analyzing the Key Elements of your teaching and learning environment, which

processes, practices or conditions will the school focus its resources and efforts upon in order to produce the desired changes?

Note that all processes, practices and conditions can be linked to the six Key Core Work Processes.

NOTE: These elements will be thoroughly addressed in the Comprehensive District Improvement Plan (CSIP) diagnostic and template.

The school will address low achievement by using intervention strategies, scheduling, and new curricula to aide in closing the gaps. Teachers will focus on analyzing data to determine loss in learning among the student population and create lessons aligned with the standards. Data will be review frequently to determine students placement and determine what extra support the students may need to improve student achievement.

<u>2023-24 Phase Two: School Assurances</u>	3
---	---

2023-24 Phase Two: School Assurances

Introduction

Assurances are a required component of the improvement planning process (703 KAR 5:225). Please read each assurance carefully and indicate whether your school complies by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

Federal Programs

1. If the school receives Title II, Part A funds, the school provides professional development for staff that is in accordance with the purpose of Title II, Part A of ESSA (job-embedded, evidence-based, sustainable, data-driven and classroom-focused); addresses the needs of all students; and, strives to ensure all students are transition ready as intended by Section 2103 of ESSA, which governs the local use of Title II, Part A funding.

Yes

No

N/A

COMMENTS

2. The school ensures that the use of federal funding, including expenditures for certified or classified positions (e.g. counselors, nurses, media specialists, etc.), is reasonable and necessary in compliance with 2 CFR 200.403 and 200.405.

Yes

No

N/A

COMMENTS

Title I Programs

3. The school distributes to parents and family members of participating children in a targeted assistance program, or all children in a schoolwide program, a written parent and family engagement policy, which is agreed on by such parents, and describes the means for carrying out the requirements of ESSA Section 1116 (c) through (f). The school makes the policy available to the local community and updates it periodically to meet the changing needs of parents and the school. For reference, Section 1116(b) of

ESSA allows existing parent and family engagement policies the school may have in place to be amended to meet the requirements under Title I, Part A.

Yes

No

N/A

COMMENTS

4. The school convenes an annual meeting, at a convenient time, to which all parents of participating children in a targeted assistance program, or all children in a schoolwide program, are invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A and to explain the requirements of Title I, Part A, and the right of the parents to be involved, as required under Section 1116(c)(1).

Yes

No

N/A

COMMENTS

5. The school offers a flexible number of meetings to parents, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement (ESSA Section 1116(c)(2)).

Yes

No

N/A

COMMENTS

6. The school involves parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I. This includes the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under section 1114(b). If a school has in place a process for involving parents in the joint planning and design of the school's programs, the school may use that process, if such process includes an adequate representation of parents of participating children (ESSA Section 1116 (c)(3)).

Yes

No

N/A

COMMENTS

7. The school provides parents of participating children, or all children in a schoolwide program—

A. timely information about programs under Title I;

B. a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards; and

C. if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible (ESSA Section 1116 (c)(4)).

Yes

No

N/A

COMMENTS

8. The school jointly develops with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact meets the requirements outlined in ESSA 1116(d)(1-2).

Yes

No

N/A

COMMENTS

9. The school provides assistance to parents of children served by the school in understanding such topics as the challenging state academic standards, state and local academic assessments, the requirements of Title I, and how to monitor a child's progress and work with educators to improve the achievement of their children, as required by ESSA Section 1116(e)(1).

Yes

No

N/A

COMMENTS

10. The school provides materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement, as required in ESSA Section 1116(e)(2).

Yes

No

N/A

COMMENTS

11. The school educates teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school, as required in ESSA Section 1116(e)(3).

Yes

No

N/A

COMMENTS

12. To the extent feasible and appropriate, the school coordinates and integrates parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conducts other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children (ESSA Section 1116(e)(4)).

Yes

No

N/A

COMMENTS

13. The school ensures that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children, or all children in a schoolwide program, in a format and, to the extent practicable, in a language the parents can understand, as required in ESSA Section 1116(e)(5).

Yes

- No
- N/A

COMMENTS

14. To the extent practicable, the school provides opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports required under section 1111 in a format and, to the extent practicable, in a language parents understand (ESSA Section 1116(f)).

- Yes
- No
- N/A

COMMENTS**Title I Schoolwide Programs**

15. In a school implementing a schoolwide program, the school developed a comprehensive plan (the Comprehensive School Improvement Plan, or CSIP) during a 1-year period or qualifies for an exception under Section 1114(b)(1) of the Every Student Succeeds Act (ESSA).

- Yes
- No
- N/A

COMMENTS

16. In a school implementing a schoolwide program, the school developed a comprehensive plan (CSIP) with the involvement of parents and other members of the community to be served as well as individuals who will carry out such plan (e.g. teachers, administrators, classified staff, etc.) as required by Section 1114(b)(2) of ESSA.

20. In a school implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that is based on a comprehensive needs assessment, which included a review of academic achievement data, and includes, among other items, a description of the strategies the school will implement to address school needs as required by Section 1114(b)(6) of ESSA. The comprehensive needs assessment was developed with the participation of individuals who will carry out the schoolwide program plan, and the school documents how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results, as required by 34 CFR 200.26 (Code of Federal Regulations).

22. The school regularly monitors the implementation and results achieved by the schoolwide program, using data from the state's annual assessments and other indicators of academic achievement. The school determines whether the schoolwide program has been effective in increasing the achievement of students in meeting the challenging state academic standards, particularly for those students who had been furthest from achieving the standards. The school revises the plan as necessary based on student needs and on the results of the regular monitoring, to ensure continuous improvement of students in the schoolwide program and to ensure that all students are provided opportunities to meet the challenging state academic standards, as required by Section 1114 (b)(3) of ESSA and 34 CFR 200.26.

Schools Identified for Targeted Support and Improvement

31. If identified for targeted support and improvement, including additional targeted support and improvement, pursuant to Section 1111(d)(2) of ESSA, the school

developed and implemented a plan to improve student outcomes that, among other items, was informed by all indicators, including student performance against long-term goals; included evidence-based interventions; and, approved by local leadership. For reference, "evidence-based" is defined in ESSA Section 8101(21).

2023-24 Phase Three: Comprehensive School Improvement Plan

Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. During the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps between identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

Operational Definitions

Goal: Long-term three- to five-year targets based on the required school level goals. Elementary/middle schools must have goals for state assessment results in reading and mathematics, state assessment results in science, social studies and writing, achievement gap, English learner progress, and quality of school climate and safety. High schools must have goals for state assessment results in reading and mathematics, state assessment results in science, social studies and writing, achievement gap, English learner progress, quality of school climate and safety, postsecondary readiness, and graduation rate. Long-term targets should be informed by the Needs Assessment for Schools.

Objective: Short-term target to be attained by the end of the current academic year. Objectives should address state assessment results and/or aligned formative assessments. There can be multiple objectives for each goal.

Strategy: An approach to systematically address the process, practice, or condition that the school will focus its efforts upon, as identified in the Needs Assessment for Schools, in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky's six (6) Key Core Work Processes listed below or another established improvement approach (i.e. *Six Sigma, Shipley, Baldridge, etc.*).

Key Core Work Processes: A series of processes identified by the Kentucky Department of Education that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth.

[KCWP 1: Design and Deploy Standards](#)

[KCWP 2: Design and Deliver Instruction](#)

KCWP 3: Design and Deliver Assessment Literacy

KCWP 4: Review, Analyze and Apply Data Results

KCWP 5: Design, Align and Deliver Support

KCWP 6: Establish Learning Environment and Culture

Activity: Actionable steps used to deploy the chosen strategy. There can be multiple activities for each strategy.

Measure of Success: Criteria that shows the impact of the work. The **measures** may be quantitative or qualitative but are observable in some way.

Progress Monitoring: Process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. The description should include the artifacts to be reviewed, specific timelines, and responsible individuals.

Funding: Local, state, or federal funds/grants used to support (or needed to support) the improvement in

Requirements for Building an Improvement Plan

The required goals for elementary/middle schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
- English Learner Progress
- Quality of School Climate and Safety
- Achievement Gap

The required goals for high schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
- English Learner Progress
- Quality of School Climate and Safety
- Postsecondary Readiness (high school only)
- Graduation Rate (high school only)
- Achievement Gap

Using the Comprehensive School Improvement Plan Template

The template is a complement to the Needs Assessment for Schools. Using your determined priorities, you will set both short- and long-term targets and outline the activities intended to produce the desired changes.

a. Develop your Strategic Goals using the [Comprehensive School Improvement Plan Template](#).

- **b. Upload your completed template in the attachment area directly below.**

ATTACHMENTS

Attachment Name

Tollesboro Elementary CSIP School Worksheet 23-24 (1)

Summarize the plan of action developed through your goal setting process.

Describe which objectives and strategies will be maintained and which will be added or modified to address current needs as outlined in your needs assessment diagnostic, especially those of any identified gap groups.

Determination of the goals were based on data analysis.
